Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 64240-73.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 05/03/2016

If you have any questions, please contact Elizabeth Fertich at fertich.elizabeth@epa.gov or (703) 347-0560.

Sincerely,

Laura N. Bacon, Acting Product Manager 4

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For indoor [and outdoor] use:

[1]: [Use all [x number] baits.] To activate [bait] [station] [Remove] [Pull] [foil] [tab] [located] on top of the [bait] station.

[2]: Place bait[s] [station[s]] [near] [by] ant* trails or [where you frequently see ants*] [where ants* are numerous]. [Place additional baits anywhere ants* may gain entry indoors.]

[3]: Replace all [X NUMBER] baits after 3 months [or sooner] to keep ants* from reappearing.

*Except carpenter, fire, pharaoh and harvester ants

Note to reviewer: Graphics may be included to aid consumer understanding.

For indoor use: Place baits near ant trails or where you frequently see ants*. Place additional baits anywhere ants* may enter your home.

For outdoor use: For general control of ants* outdoors and to prevent them from coming indoors, place a bait station every 15-20 feet around the perimeter of your home. [Place additional bait stations near cracks or crevices, along sills, or anywhere ants* may gain entry [indoors].]

[Regularly evaluate bait station's liquid level to ensure/verify product is still present [for ant* consumption]]. [Replace [bait] stations if product is no longer present.] [If ants* return, place more [bait] stations.]

Use Restrictions

Do not spray insecticide on or around the bait(s) station(s), as sprays will contaminate bait(s) station(s) and reduce effectiveness. Do not apply directly to food and do not contaminate feed and foodstuff. Place stations in areas accessible to insects but inaccessible to children and pets.
